FORMER KAIKO`O MALL SHOPPING CENTER SITE TO BE CLOSED

The Hawai'i State Judiciary and the Department of Accounting and General Services (DAGS) announced today that the former Kaiko`o Mall shopping center property will be closed to vehicular access and traffic beginning Monday, March 29, 2004. The perimeter of the entire site will be fenced off at that time.

This closure is necessary for demolition work on the parcel. Construction is scheduled for later this year on the long-awaited new court facility for East Hawai'i. Construction is anticipated to run through the summer of 2007.
